NOTICE OF REMOVAL

COMES NOW defendant The Haskell Company, Inc. ("Haskell"), by and through the undersigned counsel and pursuant to 28 U.S.C. §§ 1332, 1441 and 1446, hereby gives notice of the removal of this action from the Circuit Court of Dale County, Alabama, to the United States District Court for the Middle District of Alabama, Southern Division. As grounds for this removal, Defendant states as follows:

JURISDICTION

The Court's jurisdiction is based upon diversity of citizenship and is proper upon the following grounds:

1. This lawsuit is a civil action within the meaning of the Acts of Congress relating to the removal of cases.

2. This case, styled E&H Steel Corporation v. The Haskell Company, Inc., was filed on November 16, 2006 in the Circuit Court of Dale County, Alabama, bearing Civil Action Number CV 06-270 on the docket of that Court.

3. Complete diversity of citizenship exists between plaintiff and the sole named defendant for purposes of this removal. Based upon the face of the Complaint, and upon information and belief, at the time of the commencement of this action, and all times subsequent thereto, plaintiff E&H Steel Corporation ("Plaintiff"), has been an Alabama Corporation with its principal place of business located in Midland City, Alabama and is therefore a citizen of the State of Alabama.

4. At the time of the commencement of this action and at all times subsequent thereto, defendant The Haskell Company has been a corporation organized and existing under the laws of the State of Florida, and has had its principal place of business in the State of Florida. As a result, Haskell is not now, and was not at the time of filing of the Complaint, a citizen of the State of Alabama within the meaning of the Acts of Congress relating to the removal of causes.

5. Jurisdiction of this action is based upon 28 U.S.C. § 1332, 1441 and 1446 as amended.

6. This is a suit for breach of contract. The alleged contract amount, and demand is for \$129,458.66 plus reasonable attorney's fees, prejudgment interest, post judgment interest, and all costs

7. The amount in controversy exceeds the sum of Seventy-Five Thousand Dollars (\$75,000.00), exclusive of interest and costs.

8. Because complete diversity of citizenship exists between the plaintiff and defendant, and because the requisite amount or matter in controversy is present, this civil action may be removed to this Court pursuant to 28 U.S.C. § 1441, as amended.

SATISFACTION OF PROCEDURAL REMOVAL REQUIREMENTS

9. A true and correct copy of the entire state court file is attached hereto as Exhibit "A", constituting all pleadings, process and other papers served on Defendant in this action. No further proceedings have been had in this action.

10. Defendant avers that it was served with the Summons and Complaint on November 21, 2006, and has filed this Notice of Removal within thirty (30) days of their receipt of a copy of the Summons and Complaint, the first pleading or other paper from which it could ascertain that this action is one that is removable.

11. Defendant has served this Notice of Removal on Plaintiff's counsel and filed it with the Clerk of Court for the Circuit Court of Dale County, Alabama.

12. Pursuant to Federal Rule of Civil Procedure 7.1, two (2) copies of a nongovernmental corporate disclosure statement have been filed concurrently herewith, the first appearance, pleading, petition, etc. made or filed by Defendants.

WHEREFORE, premises considered, Defendants pray that the United States

District Court for the Northern District of Alabama, Southern Division, will assume jurisdiction of this action, making and entering such orders as may be necessary to bring before the Court all the proper parties necessary for the disposition of this action.

Respectfully submitted,

CASE NO. CV 06 270 Q

COMPLAINT

Plaintiff, E&H Steel Corporation ("E&H"), files this Complaint against Defendant, The Haskell Company, Inc. ("Haskell"), as follows:

PARTIES

1. a. Plaintiff, E&H, is an Alabama corporation authorized to do and doing business in Midland City, Alabama and is in good standing with the Alabama Secretary of State.

b. Defendant, Haskell is a Florida corporation registered to do business in Alabama which may be served with process in this proceeding by service upon its registered agent for service of process, The Corporation Company, 2000 Interstate Park Drive, Suite 204, Montgomery, Alabama 36109.

JURISDICTION

2. This Court has jurisdiction over this action pursuant to ALA. CODE § 12-11-30 (1975).

VENUE

3. Venue in this action is proper in the Circuit Court of Dale County, Alabama pursuant to ALA. CODE § 6-3-7 (1975) as this is the county where the plaintiff had its principal office in this

state at the time of the accrual of the cause of action and this is the county in which a substantial part of the events or omissions giving rise to the claim occurred.

FACTS

4. On or about October 18, 2005, Haskell, as general contractor, entered into a purchase order with E&H whereby E&H agreed to furnish, fabricate and deliver structural steel, metal decking and miscellaneous steel for the San Marco Place Condominiums in Jacksonville, Florida (the "Project") for the lump sum of \$555,000.00. A true and correct copy of the purchase order between Haskell and E&H is attached hereto as Exhibit "A" and made a part hereof.

5. E&H performed all its contractual obligations owed to Haskell on the Project, in accordance with the terms of the parties' purchase order, in a good and workmanlike manner and in accordance with the plans and specifications for the Project.

6. Despite repeated demand, Haskell has failed and refused to pay E&H for the work performed by E&H on the Project, and said failure and refusal constitutes a breach of the purchase order by Haskell, proximately resulting in damages to E&H of the unpaid contract sum in the amount of \$129,458.66 plus reasonable attorney's fees, pursuant to the terms of the parties' purchase order, prejudgment interest in the amount to be shown at the trial of this action, post judgment interest and all costs.

WHEREFORE, Plaintiff, E&H Steel Corporation, demands judgment from Defendant, The Haskell Company, Inc., in the total amount of \$129,458.66 plus reasonable attorney's fees, prejudgment interest in the amount to be shown at the trial of this action, post judgment interest and all costs. E&H further prays for such other and additional relief which this Court may deem appropriate.

Respectfully submitted,

E&H STEEL CORPORATION
